- Family-friendly policies
- Eligible to apply for Blue Light discount card
- Investment in learning and development

Wirral Hospice St John's provides FREE care for adult patients with life-limiting illnesses. We also support carers and loved ones; families are at the heart of everything we do.

Although some NHS funding is received, the majority of our income is donated by individuals, families, groups, companies and charitable trusts. Every penny counts and helps us to make a real difference to the specialist care and support we provide for our patients and their loved ones.

Wirral Hospice's partnerships and community fundraising programme contributes significantly towards our hospice care and support services. We have ambitious plans to grow our income.

The successful candidate will possess excellent communication skills and be able to demonstrate a successful track record of generating income from relevant fundraising programmes or from a business / consumer sales career.

Flexibility, responsibility and professionalism are key. The successful candidate should have a desire to learn and be proactive in supporting our hospice's objectives and CARES values: Compassionate, Accountable, Respectful, Equitable and Sustainable.
