## What we do

Wirral Hospice St John's provides **FREE** care for adult patients with life-limiting illnesses. We also support carers and loved ones. Families are at the heart of everything we do.

Although some NHS funding is received, the majority of our income is donated by individuals, families, groups, companies and charitable trusts.

Every penny really counts and helps us to make a real difference to the specialist care we provide for our patients and those important to them.

Thank you for all of the kind support you are able to give us!
