

# Wirral Hospice St John's

## *Bags for families*

We use these bags to pop in a loved one's belongings after they have died. It's much more personal than giving a carrier bag to bereaved families.

If you would like to help by making some, here are the approx. sizes:

Width	20-24"
Height	16-20"
Handle	20-24"

Larger sizes help us to hand over belongings in one bag, instead of using several smaller bags. A variety of patterns to suit different ages and genders would be very much appreciated.

Please bring any bags to our fundraising office, we are open Mon to Fri 9am-5pm. This is so we can thank you, and store the bags until they are needed by our hospice team.

*Thank you so much, your thoughtful support really makes a difference for our families.*

## *Fabric hearts*

Fabric hearts are made with love and hold a lot of meaning.  
We give matching hearts to our patients and their loved ones.

Hearts are designed to fit in hands or pockets to keep memories close by.

If you would like to help by making some, here are the approx. sizes:

Width	4"
Height	4"
Loop	Optional

A variety of patterns to suit different ages and genders would be very much appreciated.

Please bring any hearts to our fundraising office, we are open Mon to Fri 9am-5pm.  
This is so we can thank you, and store the hearts until they are needed by our hospice team.

*Thank you so much, your thoughtful support really makes a difference for our families.*

## *Bags for children & teenagers*

Our children and young persons support worker uses these bags to keep resources in for each child or teen they are working with. Things such as worksheets, books, memory-making items like messages and pieces of artwork.

If you would like to help by making some, here are the approx. sizes:

Width	16"
Height	20"
Handle	14"

Neutral colours / motifs would be appreciated to suit working with a range of ages and genders.

Please bring any bags to our fundraising office, we are open Mon to Fri 9am-5pm.  
This is so we can thank you, and store the bags until they are needed by our hospice team.

*Thank you so much, your thoughtful support really makes a difference for our young people.*

## *Worry worms*

Worry worms are small handmade crocheted or knitted worms designed to provide emotional support and help people manage anxiety, especially children.

They are a comfort item that can be held or fiddled with during stressful moments.

If you'd like to help by making some, there are lots of patterns and 'how to' videos online.

We welcome worms of any colour wool, with or without crocheted eyes.

Please do not add plastic googly eyes; these are a choking hazard and we will sadly not be able to give any worry worms with them on to children.

Please bring any worry worms to our fundraising office, we are open Mon to Fri 9am-5pm. This is so we can thank you, and store the worms until they are needed by our hospice team.

*Thank you so much, your thoughtful support really makes a difference for our families.*

## *Syringe driver bags*

A syringe driver is a portable pump that gives patients regular doses of medicine. Handmade bags makes it easier for patients to carry around the pumps and gives them more freedom, the bags also reduce the risk of wires getting snagged on things.

If you would like to help by making some, here are the approx. sizes:

Width	8"
Height	30"
Strap	46"

If bags could have a drawstring top, please, to help minimise syringe drivers slipping out. A variety of patterns to suit different ages and genders would be very much appreciated.

Please bring any bags to our fundraising office, we are open Mon to Fri 9am-5pm. This is so we can thank you, and store the bags until they are needed by our hospice team.

*Thank you so much, your thoughtful support really makes a difference for our patients.*
